

Four Bridges 5km

Start/finish is the lower carpark on Fyansford Common:

Course Map

The start is on the path towards the picnic shelter, next to the bench seat.

We cross the grass to the finish area at the top of the path heading south.

The competitors head south to the Moorabool river bridge and across then left towards Red Gum island

The course continues across Red Gum Island the across the Barwon River bridge and another left turn towards Queens Park.

At Queens Bridge, runners veer right up path and left around onto the bridge:

Coming off bridge, runners veer left down path:

And straight a hard left to follow the asphalt path to the river and a right hand turn to head back to Fyansford.

We need to avoid cutting across the grass to give us the full 5km.

At Fyansford common we head in a clockwise direction around the common towards the bridge then turning right to the finish.
